

BT-121470 Model Shown

Batting Tunnels

- Engineered to withstand the rigors of both practice and the elements
- No tedious tie-down cables extending beyond the posts with our system
- Offset main uprights are fabricated of 4" diameter aluminum tubing, which install into aluminum ground sleeves
- Swivel pulleys with eyebolts are mounted at top to raise and lower the protective netting
- Available in the two standard sizes or call for details on custom manufacturing to your specs

BT-141455	(14'H x 14'W x 55'L)	\$3,495.00
BT-121470	(12'H x 14'W x 70'L)	\$3,695.00

AFP-22 Model Shown

All-Aluminum Foul Poles

- Main post fabricated of either 4" diameter structural aluminum tube for 22' above ground model or 6" diameter tube for 30' above ground model
- Offset screen is fabricated of a 1-1/2" aluminum lockcrimp mesh, encased on the entire perimeter by a slotted, welded aluminum frame for maximum rigidity
- Features a yellow powder-coated finish for high visibility and minimal maintenance
- Other colors and custom sizes also available
- Aluminum ground sleeves included

AFP-22	(22'H)	\$1,675.00/pr.
AFP-30	(30'H)	\$3,350.00/pr.

Search "benches" on myAAEworld to find the perfect seating for your dugouts.

Bull Pen Bench

- Specifically designed to offer your relief pitchers an elevated view of the game
- Nominal 2" x 10" aluminum plank seats, backrests and footrests are anodized to protect uniforms and clothing
- Footrest cushioned with runway surface material for added comfort
- All-aluminum welded understructure
- All plank ends are sealed with aluminum caps and attached to supports with aluminum clips, stainless steel bolts and nuts
- Silkscreen on the backrest with your school name/nickname in color of your choice available for additional cost

BPB **\$1,095.00**

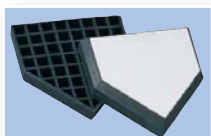

Windscreens

- Perfect solution for dugouts and sports courts located in open or exposed areas that experience a lot of wind
- Fabricated of ultra-strong 6-ply polyester - 4-ply reinforced binding at hem and 2-ply on main windscreen (see color chart below)
- All hems are 1-1/2" wide and sewn with 4-ply black polyester thread
- UV-treated for maximum sunlight protection
- Brass Tooth Grommets are spaced 18" apart (custom spacing available) on all sides and secure with 120 lbs. tensile strength cable ties
- Comes in standard 5', 6' and 9' heights, finished to the length you need
- Boxed Air Vents or Wind Flaps can be added for extreme wind conditions
- Display your team colors or logo - custom silkscreens are available

WNDSRN **\$1.50/sq.ft.**
